

This beautiful Manoir lies in peace and seclusion in central Brittany amongst 30 acres of lawns, pasture and woodland. The private drive leading past the well-stocked fishing lake and tennis court finally emerges into the lovely grounds of the manor house. A pretty courtyard is flanked by the imposing wings of the house which have been converted into your Breton gites. You'll be spoilt for choice by the whole range of activities and facilities on offer here. Don the baby carrier to enjoy a stunning lakeside walk or hop on the bicycles provided complete with packed lunch from the Manoir kitchens and within minutes you will be enjoying easy family cycling along the Nantes-Brest canal path. There's a wonderful playroom for the little ones with lots of toys, games and books plus a separate games room boasting table tennis, table football, darts and a Playstation for the bigger ones! A holiday haven of tranquillity within easy reach of plenty of Brittany's medieval towns and attractions.

New for 2007! Outdoor swimming complex in delightful woodland setting includes a large heated octagonal-shaped pool with decking and a second smaller childrens pool. Alongside the pool area is an outdoor jacuzzi. All this and 'Les Pêcheurs' snack bar too!
